

It's Easy to Be Green

Did you know the Bonaventure Resort & Spa is doing its part to be GREEN.

- Launched "Green Team" to spearhead and oversee the hotel's environmental program
- Started recycling program for all paper, plastic and glass goods, as well as fluorescent bulbs and batteries
- New energy efficient florescent and lead-free incandescent light bulbs now used throughout the hotel and in all guestrooms
- Water conservation program, as per example low flow toilets, faucets and shower heads
- Energy management system in main hotel, convention and conference areas and spa

The Bonaventure Resort & Spa recognizes the Importance of being an environmentally sensitive establishment, and is working toward becoming an officially designated *Florida Green Lodging* property.

If you have any GREEN suggestions please stop by the front desk.
